---

Phase II of our projects will focus on the picnic and sluice path area. We will be installing new picnic tables and BBQ grills. When the designers drew up the layout plan of the beach/sluice area they included some suggestions i.e. a pavilion or gazebo, shuffle board and bocce courts. These features were their ideas and we would like to know your thoughts.

**To help guide the Board on future projects your input is important.**

Are there any features or amenities you would like to see at the beach?

*Pict out design specs*

Cleanup, grading and grass seeding of play area	①	②	③ ④ ⑤
Fresh water spigots and sprinklers	①	②	③ ④ ⑤
Weekend security guards	①	②	③ ④ ⑤

At my age, I must say I no longer go down to the sluice area during the summer season. Off season I will use it when I walk the shore line at low tide. I don't always feel "safe" without "security" there! But I still go down to sit by the water!

Phase II of our projects will focus on the picnic and sluice path area. We will be installing new picnic tables and BBQ grills. When the designers drew up the layout plan of the beach/sluice area they included some suggestions i.e. a pavilion or gazebo, shuffle board and bocce courts. These features were their ideas and we would like to know your thoughts.

Are there any features or amenities you would like to see at the beach?

Perhaps a gazebo that houses some picnic tables and benches that provides some shade or shelter from storms & sun!  
 We would need storage space for equipment (again community "Keys" would be needed)
